APPENDIX I: Device Schematics

These are the only non Level III depictions of the devices. All photographs of the devices are to be maintained at Level III in their original locations and not reproduced in print.

Devices One and Two:

These is an ostensibly retro-style handheld device. Its core computational capabilities are derived from an [REDACTED], further bolstered by a 7.9 inch widescreen display with a resolution of 1280 x 400. The [REDACTED] features a 48-key ortholinear mechanical keyboard, details and potential implications of which are largely cataloged at [REDACTED].

Device Three:

Artifact Two, codenamed [REDACTED], transcends the conventional boundaries of a [REDACTED]. Powered by [REDACTED] and dual [REDACTED], it comes equipped with a 5" round screen, a fully [REDACTED] case, and seeming compatibility with the [REDACTED]. The intricate details of these components and their inherent implications, however, remain [REDACTED].
